

Filippo Bertolina

HERE'S MY STORY:

Bar Manager / Event Producer

My first experience in the festivals world was in 2012, with Turnè Eventi srl, a company specialized in drink and food service for temporary events. With Turnè Eventi srl I had the opportunity to work as a Bar Manager in some of the most important music festivals in Northern Italy. From 2019 till 2022 I work with lot of projects as a freelance: for example "C2C festival", "Terraforma Festival", "Wired Next Fest", and many other. In 2023, I founded Tresca Srl Impresa Sociale, a non-profit enterprise wich operates in cultural events all over Italy and wich gave births to a new project called "La Campeggia", a social Camping based in Costa Vescovato (AL).
